Tallahassee, FL 32399-4137

RE: Propulsion Technologies International

Dear Mr. Gustafson:

This notice is being provided pursuant to the Worker Adjustment and Retraining Notification (WARN) Act of 1988, which requires employers to give official notice to certain governmental units or officials of a pending mass layoff or permanent plant closure.

This is to advise you that Propulsion Technologies International (PTI), located at 15301 SW 29th Street, Miramar, FL 33027, is implementing a reduction in its workforce which will result in layoffs of numerous employees at the PTI facility. PTI expects the reduction in force to occur between June 12, 2020 and July 3, 2020 where it anticipates layoffs will impact 52 employees. This layoff is the result of the COVID-19 emergency and related government orders/instructions and/or business circumstances that were not reasonably foreseeable. A list of the categories of workers affected and the number in each category is below. None of the employees have "bumping rights" and there is no union representing the affected employees. The anticipated layoffs will be permanent.

For further information, you may contact me at (786) 999-0607.

Sincerely,

Katie Redwine
HR Manager
