Dear Mr. Gustafson:

This letter is to notify you, in accordance with the Worker Adjustment and Retraining Notification Act (WARN), that that **The Village Tavern** will be closing its restaurant located at **Boynton Beach, Renaissance Commons, 1880 N. Congress Ave., Suite 170, Boynton Beach, Florida 33426 on June 15, 2020.** This closure is expected to be permanent, and it will result in the permanent layoff of all employees at that location. The closure is the direct result of COVID-19 and the unforeseeable business circumstances related to COVID-19, including government-mandated temporary closures and restrictions place on re-openings, and we are providing as much notice as practicable.

All affected employees have been notified of their separation date (which is the same as the closure date noted above) and that their separations from employment will be permanent.

Attached is a list of the job positions and number of individuals in each position who will be affected by this layoff.

There are no bumping rights for these employees, and they are not part of a union.

If you have questions or need additional information, please contact me.

By copy of this letter, we are also notifying the applicable local government official.

Thank you for your attention to this matter.

Sincerely,

Anthony Santarelli
President
