Re: Notice of Layoff

Dear Ms. Triplett:

This letter supplements our previous notices and serves as notice that Stryker Employment Company, LLC (the "Company") has made the decision to continue its program of layoffs at the Company's Lakeland, Florida facility located at 5307 Great Oak Drive, Lakeland, FL 33815. We expect that this will result in the permanent layoff of approximately 500 employees and the closure of the facility by mid-2027. This letter is being sent to you in order to fulfill our obligations under the federal Worker Adjustment and Retraining Notification Act, which requires employers to give notice to certain government officials and units of an impending layoff. We hope to implement this program of layoffs with the least possible disruption to our employees and the community.

Layoffs commenced on December 31, 2021, with the elimination of approximately 269 positions to date. An additional two (2) roles will be eliminated on July 10, 2026. Stryker expects to eliminate another approximately 195 positions on a rolling basis until the closure date for the site. There are no bumping rights, and no affected employees are represented by a union.

Attached is a list of the job titles of the affected positions and the number of affected employees in each job classification.

If you have any questions, please contact me at kathy.taylor1@stryker.com or (563) 940-1619.

Sincerely,

A handwritten signature in blue ink that reads "Kathy C. Taylor".

Kathy Taylor
Manager, Human Resources
